**Operation Wandering Soul** Apr 03 2020 National Book Award Finalist From the Pulitzer Prize-winning author of *The Overstory* and the

forthcoming *Bewilderment*, an exquisitely rendered novel set in the pediatrics ward of a public hospital that examines the power, joy, and anguish of storytelling. “If you have children or will have children, if you know children or can remember being a child, dare to read *Operation Wandering Soul*. . . [it] is bedtime reading for the future.” —USA Today In the pediatrics ward of a public hospital in the heart of Los Angeles, a group of sick children is gathering. Surrogate parents to this band of stray kids, resident Richard Kraft and therapist Linda Espera are charged with keeping the group alive on make-believe alone. Determined to give hope where there is none, the adults spin a desperate anthology of stories that promise restoration and escape. But the inevitable is foreshadowed in the faces they’ve grown to love, and ultimately Richard and Linda must return to forgotten chapters in their own lives in order to make sense of the conclusion drawing near.

*Lawyer Boy* Apr 27 2022 After college, Rick Lax moved back into his parents' house. The closest thing he had to a job was eating his parents' food, sitting on his parents' couch, and watching *The Price is Right*. An amateur magician, he spent the rest of his time practicing card tricks and rope tricks. And though he could tie four different slipknots, the necktie posed some difficulties. Rick's father, a successful Michigan attorney, told Rick it was time to move out and enter the real world. Rick certainly wasn't going to get a job, so he went to law school instead. This is the story of Rick's journey from childhood to lawyerhood. In *Lawyer Boy*, Rick uses the skills he developed as a magician to succeed in class, and learns how to become a lawyer without becoming his father. His journey through law school was exhausting, exciting, and infuriating, and, the way he tells it, so funny it's criminal.

*The Curse of the Wendigo* Jan 31 2020 Flesh-eating danger abounds in the chilling sequel to *The Monstrumologist* that is “as fast-paced, elegant, and yes, gruesome as its predecessor” (Publishers Weekly, starred review). While Dr. Warthrop is attempting to disprove that *Homo vampiris*, the vampire, could exist, his former fiancée asks him to save her husband, who has been captured by a Wendigo—a creature that starves even as it gorges itself on human flesh. Although Dr. Warthrop considers the Wendigo to be fictitious, he relents and performs the rescue—but is he right to doubt the Wendigo’s existence? Can the doctor and Will Henry hunt down the ultimate predator, who, like the legendary vampire, is neither living nor dead, and whose hunger for human flesh is never satisfied? This second book in *The Monstrumologist* series explores the line between myth and reality, love and hate, genius and madness.

*Ghetto at the Center of the World* Mar 27 2022 4e de couv.: Chungking Mansions, a dilapidated seventeen-story commercial and residential structure

in the heart of Hong Kong's tourist district, is home to a remarkably motley group of people. Traders, laborers, and asylum seekers from all over Asia and Africa live and work there, and even backpacking tourists rent rooms in what is possibly the most globalized spot on the planet. But as *Ghetto at the center of the world* shows us, the Mansions is a world away from the gleaming headquarters of multinational corporations -instead it epitomizes the way globalization actually works for most of the world's people. Through candid stories that both instruct and enthrall, Gordon Mathews lays bare the building's residents' intricate connections to the international circulation of goods, money, and ideas.

*The Language of Cities* Jul 19 2021 The director of the Design Museum defines the greatest artefact of all time: the city We live in a world that is now predominantly urban. So how do we define the city as it evolves in the twenty-first century? Drawing examples from across the globe, Deyan Sudjic decodes the underlying forces that shape our cities, such as resources and land, to the ideas that shape conscious elements of design, whether of buildings or of space. Erudite and entertaining, he considers the differences between capital cities and the rest to understand why it is that we often feel more comfortable in our identities as Londoners, Muscovites, or Mumbaikars than in our national identities.

**Urban Loopholes** Nov 30 2019 Urban reuse, creative production, consumerism, and heritage protection have formed an alliance for the transformation of inner-city districts of Shanghai. This in-depth study, based on the author's intimate familiarity of the local scene and supplemented by her critical outsider's insights, describes the strategies, players, and processes of a uniquely Chinese model of urban transformation. Concepts like "Urban Loopholes", "Preservation via inhabitation", and "Gentrification with Chinese characteristics" characterize the specific mechanisms for urban development in Shanghai. *Urban Loopholes* invites the reader to rethink the necessity of urban resilience in the face of globalization's impact for change.

*John Pawson Works* May 29 2022 John Pawson is the foremost proponent of minimalism in architecture and design. Already known to designers for his austere yet luxurious interiors, he has attained public acclaim for his high-profile retail projects such as the Calvin Klein flagship store in New York, his celebrity clients like Martha Stewart as his book "Minimum". This book features ten of Pawson's projects, each one treated as a case study of the design process as experienced by architect, client and critic. The author seeks to make the emotional and artistic content of John Pawson's work explicit through a close examination of a range of different projects. Sudjic's text, aided by specially-commissioned pictures, traces the design process, the architect's working methods and his philosophical approach. **What Makes a Great City** Mar 15 2021 One of Planetizen's Top Planning Books for 2017 - San Francisco Chronicle's 2016 Holiday Books Gift Guide Pick What makes a great city? City planner and architect Alexander Garvin set out to answer this question by observing cities, largely in North America and Europe, with special attention to Paris, London, New York, and Vienna. For Garvin, greatness is about what people who shape cities can do to make a city great. A great city is a dynamic, constantly changing place that residents and their leaders can reshape to satisfy their demands. Most importantly, it is about the interplay between people and public realm, and how they have interacted throughout history to create great cities. What Makes a Great City will help readers understand that any city can be changed for the better and inspire entrepreneurs, public officials, and city residents to do it themselves.

**The Diviners** Apr 15 2021 During one month in the autumn of election year 2000, scores of movie-business strivers are focused on one goal: getting a piece of an elusive, but surely huge, television saga, the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert; the sure-to-please-everyone multigenerational TV miniseries about diviners, those miracle workers who bring water to perpetually thirsty (and hungry and love-starved) humankind. Among the wannabes: Vanessa Meandro, hot-tempered head of Means of Production, an indie film company; her harried and varied staff; a Sikh cab driver, promoted to the office of -theory and practice of TV; a bipolar bicycle messenger, who makes a fateful mis-delivery; two celebrity publicists, the Vanderbilt girls; a thriller writer who gives Botox parties; the daughter of an L.A. big-shot, who is hired to fetch Vanessa's Krispy Kremes and more; a word man who coined the phrase -- inspired by a true story; and a supreme court justice who wants to write the script. A few true artists surface in the course of Moody's rollicking but intricately woven novel, and real emotion eventually blossoms for most of Vanessa's staff at Means of Production, even herself. The Diviners is a cautionary tale about pointless ambition; a richly detailed look at the interlocking worlds of money, politics, addiction, sex, work, and family in modern America; and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation.

*Never After* Jan 13 2021 When sixteen-year-old Ricky Darlin is lured away from problems at home by Peter, who later abandons him on The Island, Captain Hooke and his crew rescue him and enlist his help in capturing Peter so they all can return home.

**Horse** Jul 07 2020 "Brooks' chronological and cross-disciplinary leaps are thrilling." —The New York Times Book Review "Horse isn't just an

animal story—it's a moving narrative about race and art.” —TIME A discarded painting in a junk pile, a skeleton in an attic, and the greatest racehorse in American history: from these strands, a Pulitzer Prize winner braids a sweeping story of spirit, obsession, and injustice across American history Kentucky, 1850. An enslaved groom named Jarret and a bay foal forge a bond of understanding that will carry the horse to record-setting victories across the South. When the nation erupts in civil war, an itinerant young artist who has made his name on paintings of the racehorse takes up arms for the Union. On a perilous night, he reunites with the stallion and his groom, very far from the glamor of any racetrack. New York City, 1954. Martha Jackson, a gallery owner celebrated for taking risks on edgy contemporary painters, becomes obsessed with a nineteenth-century equestrian oil painting of mysterious provenance. Washington, DC, 2019. Jess, a Smithsonian scientist from Australia, and Theo, a Nigerian-American art historian, find themselves unexpectedly connected through their shared interest in the horse—one studying the stallion's bones for clues to his power and endurance, the other uncovering the lost history of the unsung Black horsemen who were critical to his racing success. Based on the remarkable true story of the record-breaking thoroughbred Lexington, *Horse* is a novel of art and science, love and obsession, and our unfinished reckoning with racism.

*Handmade Urbanism* Feb 11 2021 People have always been interested in the cities in which they live. With the world's stark urbanization, the engagement of citizens to improve their urban environments is also growing. Far from the traditional urban planning culture, they make use of limited resources, offering solutions to face the challenges these cities offer. They focus on the provision of social infrastructure aiming to improve the living conditions of the residents at the local scale. *Handmade Urbanism* showcases 15 projects realized mostly in less favored areas of five major cities in emerging countries, examining the potential of urban transformation embedded in community initiatives. What is the basis for such initiatives? Which are the instruments and tools they use? Illustrations depict their operational modes, reveal the actors involved and trace the steps they made in the organization of the initiatives. Interviews with experts, actors and different stakeholders clarify their meaning towards the local challenges. At a global level, common threads and differences are made clear. *Handmade Urbanism* drafts a possible urban vision of the city impacted by those processes and organizes a discussion that promotes participatory initiatives while exploring their potential to impact on the city at large – to the benefit of all. The publication includes the documentary *The Future of Cities*, which provides the reader with further information from the ground.

**Daddy** Jul 27 2019 From the New York Times bestselling author of *The Girls* comes an eagerly anticipated story collection exploring the dark corners of human experience. "A thrilling new voice in American fiction."--Jennifer Egan, about *The Girls* An absentee father collects his son from boarding school after a shocking act of violence. A nanny to a celebrity family hides out in Laurel Canyon in the aftermath of a tabloid scandal. A young woman sells her underwear to strangers. A notorious guest arrives at a placid, not-quite rehab in the Southwest. In ten remarkable stories, Emma Cline portrays moments when the ordinary is disturbed, when daily life buckles, revealing the perversity and violence pulsing under the surface. She explores characters navigating the edge, the limits of themselves and those around them: power dynamics in families, in relationships, the distance between their true and false selves. They want connection, but what they provoke is often closer to self-sabotage. What are the costs of one's choices? Of the moments when we act, or fail to act? These complexities are at the heart of *Daddy*, Emma Cline's sharp-eyed illumination of the contrary impulses that animate our inner lives.

Def Jam, Inc. Oct 10 2020 In the early '80s, the music industry wrote off hip-hop as a passing fad. Few could or would have predicted that the improvised raps and raw beats busting out of New York City's urban underclass would one day become a multimillion-dollar business and one of music's most lucrative genres. Among those few were two visionaries: Russell Simmons, a young black man from Hollis, Queens, and Rick Rubin, a Jewish kid from Long Island. Though the two came from different backgrounds, their all-consuming passion for hip-hop brought them together. Soon they would revolutionize the music industry with their groundbreaking label, Def Jam Records. *Def Jam, Inc.* traces the company's incredible rise from the NYU dorm room of nineteen-year-old Rubin (where LL Cool J was discovered on a demo tape) to the powerhouse it is today; from financial struggles and scandals—including The Beastie Boys's departure from the label and Rubin's and Simmons's eventual parting—to revealing anecdotes about artists like Slick Rick, Public Enemy, Foxy Brown, Jay-Z, and DMX. Stacy Guereseva, former editor in chief of Russell Simmons's magazine, *Oneworld*, had access to the biggest players on the scene, and brings you real conversations and a behind-the-scenes look from a decade—and a company—that turned the music world upside down. She takes you back to New York in the '80s, when late-night spots such as Danceteria and Nell's were burning with young, fresh rappers, and Simmons and Rubin had nothing but a hunch that they were on to something huge. Far more than just a biography of the two men who made it happen, *Def Jam, Inc.* is a journey into the world of rap itself. Both an intriguing business history as well as a gritty narrative, here is the definitive book on Def Jam—a must read for any fan of hip-hop as well as all popular-culture junkies.

*Strengthening Forensic Science in the United States* Sep 20 2021 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work,

establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

London, New York, Tokyo and Los Angeles are the ultimate 100-mile cities, set apart by an economic supremacy derived chiefly from their sheer size. **Change of Heart** Jan 01 2020 This powerful, true story of faith and forgiveness shows that all of us are capable of experiencing the healing and renewal that comes with truly forgiving another. *Change of Heart* follows the transformative journey undertaken by Jeanne Bishop after the murders of her sister and brother-in-law, a journey that challenged Jeanne's belief in the message of Jesus on the cross and eventually moved her beyond simple forgiveness to the deeper waters of redemption and grace. Jeanne's authentic story will guide readers past the temptation of anger and revenge, and help them navigate the path of truly forgiving someone whose actions have hardened their heart. From once wishing that her sister's killer languished in a cell for the rest of his life, Jeanne now visits him regularly in prison and publicly advocates for his release. "It's not okay what you did, but I am not going to hate you. I am not going to wish evil on you," writes Bishop of the murderer. "I am going to wish the opposite. I am going to wish that you will be redeemed." "The criminal justice system in the United States, which deems some people unworthy of redemption—even children who commit serious crimes—urgently needs to hear voices that speak for mercy and restoration. Jeanne Bishop's is such a voice—writes Sr. Helen Prejean, activist and author of *Dead Man Walking*. *Change of Heart* confronts these serious and pressing issues of restorative justice, juvenile life sentences, and incarceration in the criminal justice system. Ultimately, Jeanne is writing more than a memoir of finding faith through extraordinary obstacles. Her compelling story offers a better understanding of what it truly means to be a person of faith. It is a call to action that is a "must-read for pastors, social workers, caregivers, and all who seek to build community with people relegated to the margins" (Greg Ellison, Emory University).
