*Trotskyists on Trial* Jan 01 2020 Passed in June 1940, the Smith Act was a peacetime anti-sedition law that marked a dramatic shift in the legal definition of free speech protection in America by criminalizing the advocacy of disloyalty to the government by force. It also criminalized the acts of printing, publishing, or distributing anything advocating such sedition and made it illegal to organize or belong to any association that did the same. It was first brought to trial in July 1941, when a federal grand jury in Minneapolis indicted twenty-nine Socialist Workers Party members, fifteen of whom also belonged to the militant Teamsters Local 544. Eighteen of the defendants were convicted of conspiring to overthrow the government. Examining the social, political, and legal history of the first Smith Act case, this book focuses on the tension between the nation's cherished principle of free political expression and the demands of national security on the eve of America's entry into World War II. Based on newly declassified government documents and recently opened archival sources, *Trotskyists on Trial* explores the implications of the case for organized labor and civil liberties in wartime and postwar America. The central issue of how Americans have tolerated or suppressed dissent during moments of national crisis is not only important to our understanding of the past, but also remains a pressing concern in the post-9/11 world. This volume

traces some of the implications of the compromise between rights and security that was made in the mid-twentieth century, offering historical context for some of the consequences of similar bargains struck today.

*Love and Revolution in the Twentieth-Century Colonial and Postcolonial World* Apr 27 2022 This book addresses emancipatory

narratives from two main sites in the colonial world, the Indian and southern African subcontinents. Exploring how love and revolution interrelate, this volume is unique in drawing on theories of affect to interrogate histories of the political, thus linking love and revolution together. The chapters engage with the affinities of those who live with their colonial pasts: crises of expectations, colonial national convulsions, memories of anti-colonial solidarity, even shared radical libraries. It calls attention to the specific and singular way in which notions of 'love of the world' were born in a precise moment of anti-colonial struggle: a love of the world for which one would offer one's life, and for which there had been little precedent in the history of earlier revolutions. It thus offers new ways of understanding the shifts in global traditions of emancipation over two centuries.

**The Confessions of a Shade-Tree Mechanic** Mar 15 2021 Roger Williams stumbles through adolescence with the aid of a few friends and his love for the automobile. At the end of college he hits the road to the West Coast in a rolled and tucked, convertible Pontiac, along route 66, over the Sierras to Berkeley for graduate school in 1963. At Berkeley he meets Ginny Wyant a Phi Beta Kappa from Boston University. In the explosive environment of Berkeley in the 60s Roger and Ginny fall in love and move in together. In revolutionary times Roger and Ginny decide to drop out and join the gypsy life. Roger becomes a shade-tree mechanic for artists, musicians, and drug dealers. The parties, the concerts, the riots, the drugs, and the attempts to create a sustainable life outside the mad house of the Vietnam War culture that Roger and Ginny participate in are legendary. After a few years Ginny decides to return to school and complete her PhD in psychology. In 1970 Roger and Ginny have a daughter. The family sustains them through the brutal 70s. By the end of the seventies the war is over, the movement for social

change is dead, and the move the to the political right begins. Roger and Ginny move into the next revolution in Silicon Valley. Ginny, who has gotten her degree, gets a job at a psychiatric ward. Roger and Ginny change gender roles. Roger becomes the President of the Mother's Club, rebuilds the house they have been able to buy, and has time to sum up the utopian 60s.

Building a Validity Argument for the Test of English as a Foreign Language<sup>TM</sup> Oct 10 2020

The Test of English as a Foreign Language<sup>TM</sup> (TOEFL<sup>®</sup>) is used by more universities worldwide than any other test to assess English language proficiency for academic admission and placement decisions, and to guide English language instruction. This landmark volume provides a detailed description and analysis of Educational Testing Service's research and development efforts to develop a major revision of the TOEFL<sup>®</sup> test. The result is a book that serves as a case study of test design drawing upon theory in the complex domain of English language proficiency while attempting to meet standards of educational measurement. *Building a Validity Argument for the Test of English as a Foreign Language<sup>TM</sup>* is distinctive in its attempt to develop a coherent story of the rationale for a test or its revision, explain the research and development process, and provide the results of the validation process. Through its treatment of one test, it expands on and tests principles and approaches to educational measurement, providing an in-depth, integrated perspective on the overall process of test revision. Moreover, because the conceptual foundation and history are presented alongside the empirical studies and validity argument, these sometimes disparate areas are presented in a way that demonstrates their connections – an approach which represents a departure from, or extension of,

conventional materials on test revision. This volume is particularly relevant for professionals and graduate students in educational measurement, applied linguistics, and second language acquisition as well as anyone interested in assessment issues.

Sundial Jun 25 2019 “DO NOT MISS THIS BOOK. Authentically terrifying.” —Stephen King Sharp as a snakebite, *Sundial* is a gripping novel about the secrets we bury from the ones we love most, from Catriona Ward, the author of *The Last House on Needless Street*. You can't escape what's in your blood... Rob has spent her life running from *Sundial*, the family's ranch deep in the Mojave Desert, and her childhood memories. But she's worried about her daughter, Callie, who collects animal bones and whispers to imaginary friends. It reminds her of a darkness that runs in her family, and Rob knows it's time to return. Callie is terrified of her mother. Rob digs holes in the backyard late at night, and tells disturbing stories about growing up on the ranch. Soon Callie begins to fear that only one of them will leave *Sundial* alive... “This book will haunt you.”—Alex Michaelides, New York Times bestselling author "An unthinkable feat." —The New York Times Book Review At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Ruth Page* Oct 02 2022 In *Ruth Page: The Woman in the Work*, the Chicago ballerina emerges as a highly original choreographer who, in her art, sought the iconoclastic as she transgressed boundaries of genre, gender, race, class, and sexuality. Author Joellen A. Meglin shows how her works were often controversial and sometimes

censored even as she succeeded in roles usually reserved for men in the ballet world: choreographer, artistic director, and impresario. From extensive dramaturgical analysis of her most famous ballets - La Guiablette, Frankie and Johnny, Billy Sunday, Revenge, The Merry Widow, Camille, Carmina Burana, and Alice - to embodied re-imagining of an avant-garde solo performed in a "sack" designed by Isamu Noguchi, this biography follows the global reach of Ruth Page's career spanning the greater part of the twentieth century. In the process of discovering the woman in the work, it also offers encounters with an international cast of dancers (Anna Pavlova, Harald Kreutzberg, Frederic Franklin, Alicia Markova), composers (William Grant Still, Aaron Copland, Jerome Moross, Darius Milhaud), visual artists (Noguchi, Pavel Tchelitchew, Antoni Clave), and companies (Ballet Russe de Monte Carlo, Ballets des Champs-Élysées, London Festival Ballet). In doing so, it also disrupts notions that New York was the only cradle of the American ballet, and George Balanchine, its exponent to eclipse all others, Ruth Page explores the woman's unique sensibility, corporeal praxis, and collaborative ethos to reveal her Chicago-centered network of creativity.

**Secrets of an Untitled Mind** Aug 20 2021 In the middle of the quarantine for COVID-19 after reading one memoir after another Joshua Murphy Dobbs found the inspiration to write his own memoir. Like many others with nothing but time on his hands while out of work his story unfolded in rapid succession in just eight days. His psychiatrist asked him if he was manic after he shared the news that he had just written an entire book since his last Telehealth appointment with her. The book travels through his childhood of finding out he was biracial to a diagnosis of bipolar 1 while in a psych ward in the Army. His struggles to find the right mix of medications would land him in jail more than once. The story follows his life giving the reader hope. Even though the story

follows his life as closely as it can, being a bipolar writer weaves the reader in and out of his life on a roller coaster. In the end his tattoos remind him of who he will become.
