Before the Ever After Jul 31 2022 WINNER OF THE NAACP IMAGE AWARD WINNER OF THE CORETTA SCOTT KING AUTHOR AWARD National Book Award winner Jacqueline Woodson's stirring novel-in-verse explores how a family moves forward when their glory days have passed and the cost of professional sports on Black bodies. For as long as ZJ can remember, his dad has been everyone's hero. As a charming, talented pro football star, he's as beloved to the neighborhood kids he plays with as he is to his millions of adoring sports fans. But lately life at ZJ's house is anything but charming. His dad is having trouble remembering things and seems to be angry all the time. ZJ's mom explains it's because of all the head injuries his dad sustained during his career. ZJ can understand that--but it doesn't make the sting any less real when his own father forgets his name. As ZJ contemplates his new reality, he has to figure out how to hold on tight to family traditions and recollections of the glory days, all the while wondering what their past amounts to if his father can't remember it. And most importantly, can those happy feelings ever be reclaimed when they are all so busy aching for the past?

Gene is a lonely, introverted intellectual. Phineas is a handsome, taunting, daredevil athlete. First Overland Apr 03 2020 Why Not? After all, no-one had ever done it before. It would be one of the longest of all overland journeys – half way round the world, from the English Channel to Singapore. They knew that several expeditions had already tried it. Some had got as far as the deserts of Persia; a few had even reached the plains of India. But no one had managed to go on from there: over the jungle clad mountains of Assam and across northern Burma to Thailand and Malaya. Over the last 3,000 miles it seemed there were 'just too many rivers and too few roads'. But no-one really knew ... In fact, their problems began much earlier than that. As mere undergraduates, they had no money, no cars, nothing. But with a cool audacity, which was to become characteristic, they set to work – wheedling and cajoling. First, they coaxed the BBC to come up with some film for a possible TV series. They then gently persuaded the manufacturers to lend them two factory-fresh Land Rovers. A publisher was even sweet-talked into giving them an advance on a book. By the time they were ready to go, their sponsors (more than 80 of them) ranged from whiskey distillers to the makers of collapsible buckets. In late 1955, they set off. Seven months and 12,000 miles later, two very weary Land Rovers, escorted by police outriders, rolled into Singapore – to flash bulbs and champagne. Now, fifty years on, their book, 'First Overland', is republished – with a foreword by Sir David Attenborough. After all, it was he who gave them that film.

State v. Anderson: Case File, Second Edition Nov 30 2019 In State v. Anderson, when defendant Raymond Anderson resolves a fender bender by beating Wayne Henkel with a baseball bat and stealing his truck, the State charges Anderson with assault with a deadly weapon and robbery. Anderson's prior conviction for first degree burglary throws him a curveball by invoking the State's "three strikes law," making another conviction a mandatory state prison case and doubling Anderson's likely sentence. After the first trial ends in a hung jury, the State retries the case. Anderson refines the student's advocacy and examination skills through this full trial, which includes visual aids and video testimony, head trauma experts, and a lineup of witnesses going to bat for the State and Anderson.
