Inspired by the true story of World War II's greatest heroine, this international bestseller and "cinematic treat" tells the story of Nancy Wake and the impact she had on the world (Publishers Weekly). Hero. Soldier. Spy. Leader. Her name is Nancy Wake. To the Allies, she was a fearless freedom fighter, a special operations legend, a woman

ahead of her time. To the Gestapo, she was a ghost, a shadow, the most wanted person in the world. But at first, Nancy Wake was just another young woman living in Marseilles and recently engaged to a man she loved. Then France fell to the Nazi blitzkrieg. With her appetite for danger, Nancy quickly finds herself drawn into the underground Resistance standing up to Nazi rule. Gaining notoriety as the White Mouse, with a 5-million-franc bounty hanging over her head, Wake rises to the top of the Nazi's Most Wanted list—only to find her husband arrested for treasonous activity under suspicion of being the White Mouse himself. Narrowly escaping to Britain, Wake joins the Special Operations Executive (SOE) and parachutes into the Auvergne, where she must fight for the respect of some of the toughest Resistance fighters in France. As she and her maquisards battle the Nazis, their every engagement brings the end of the war closer—but also places her husband in deeper peril. A riveting, richly imagined historical thriller, *Liberation* brings to life one of World War II's most fascinating unsung heroines in all her fierce power and complexity. This is the story of one of the one of the war's most decorated women, told like never before.

Life in a Cold Climate Oct 10 2020 Nancy Mitford was, in the words of her sister Lady Diana Mosley, "very complex." Her highly autobiographical early work, the biographies and novels of her more mature French period, her journalism, and the vast body of letters to her family, to friends such as Evelyn Waugh, and to the great love of her life, Gaston Palewski, all tell an intriguing story. Drawing from these, as well as conversations with Mitford's two surviving sisters, acquaintances, and colleagues, prizewinning author Laura Thompson has fashioned a portrait of a contradictory and courageous woman.

Approaching her subject with wit, perspicacity, and huge affection, Thompson makes her serious points lightly, eschewing clichés about the eccentricities of the Mitford clan. *Life in a Cold Climate* is full of the sound of Mitfordian laughter; but also tells the often paradoxical and complex story beneath the smiling and ever-elegant façade.

Freya Dec 24 2021 "[A] double bildungsroman" of two British women "set against a background of political and cultural upheavals" in the direct aftermath of WWII (*The New Yorker*). It begins on May 8, 1945. The streets of London are alive with VE-Day celebrations. In the crowd, twenty-year-old Freya Wyley meets eighteen-year-old Nancy Holdaway. Freya's acerbic wit and free-wheeling politics complement Nancy's gentle, cautious nature, and what begins on that eventful day in history is the story of a transformative friendship that spans two decades. As Freya chooses journalism and Nancy realizes her ambitions as a novelist, their friendship takes on the nuances of sexual, emotional, and professional rivalries. Beneath the relentless thrum of changing times are the eternal battles fought by women in pursuit of independence and the search for love. Stretching from the war haunted halls of Oxford and Nuremburg to the cultural shifts of the early 1960s, Freya brings to life two extraordinary women facing down an era of political and personal tumult. "With this three-dimensional

portrait of his headstrong heroine, whose hard-gloss shell conceals a hard-fought vulnerability, Quinn achieves a distinct and unusual creation.”

Undergrowth Jan 31 2020 In this luminous novel, the all-too-human experiences of fear, love and loss become amplified with potentially disastrous consequences. In 1960s Brazil, an indigenous group is on the brink of a tragedy, the dimensions of which they are only beginning to grasp. A small band of disaffected government agents, academics and visionaries is determined to fight for their cause. Among them is James Ardmore who, along with his nephew Larry, travels to Pahquel, a village in the crosshairs of an environmental showdown. When James dies en route, Larry is left to decide: Should he attempt to escape his own personal demons by immersing himself in a completely foreign culture? Or retreat and resume his disaffected life in the U.S.? What costs will he bear if he chooses to press forward? Against a lush backdrop, the

author gives voice to the complexities of social, anthropological and environmental forces. Melding poetry with touches of magical realism, here is a page-turner of an adventure story that rests upon deep and unsettling layers of undergrowth.

[The Cool of Eventide](#) Sep 08 2020 "Nancy Krieg's poems explore both the natural world and internal landscapes while paying close attention to the music of language. The resulting resonance echoes in the mind and in the space outside where sound takes them to new revelation. Read these poems aloud for their true effect." -Shawn Pavey, *And Even if We Did, So What!?*

"Nancy Krieg's poems never fail to open themselves a little more upon each reading. These are poems of love that delve far deeper than the reflective surface of infatuation; they plow to the silt and bedrock of the nature of human connection, revealing the "heart's violent surge." The poems in this book speak to the cosmos within ourselves. Krieg finds the sublime musicality in our shared experience. Musica is certainly one of the many

facets which show through in Krieg's verse. One moment you'll see "Monk climbing/straight up to heaven," the next "Miles trumpet breathes/in my ear." In the latter, the reader can feel the buds in their ears, see the monotonous cycles of the laundromat dryer, and experience the jazz genius transporting generations to more tolerable locales. While this book sometimes wonders if "perhaps we are the epitome of madness," above all, *Cool Shades of Eventide* implores us to always remember "you don't have to be strong, just human." -James Bengler, author of *From the Back* "It's been said that music is the healing force of the universe, I would argue that music is the thing that holds all of our existence in place. For Nancy Krieg in her new collection *Cool Shades of Eventide*, there is music everywhere. These poems ring like the banjo of sunrise, they hold the blues of time and look at its full face, they imbibe in the jazz of this now and they listen to the breath of the moment in all its tender cacophony. There is the alchemy of brush on snare while ride cymbal, clasp closed, sizzles around the sacred sound that only poetry can document. This is a fine book, a book of celebration and in her words Suddenly, we are all over the sky." -Jason Baldinger, *A History of Backroads* Misplaced "If *Cool Shades of Eventide* sounds like a blues song, indeed it should because professional musician Nancy Krieg penned this volume of poems containing many

sketches from an insider's view of the music scene-from bluegrass ("John Henry," "Woodshed"), blues and jazz ("all good children," "Jazz at the Blue Room," "arc of the healer," "blue scapes ride till one," "keel over blues," and "Blues Round,") that includes a technique to motivate a fellow band member "because daddy needs his medicine" ("Todd Loves Nancy Drew"). One poem reveals insights to Janis Joplin's method of coping in "needle and the arm," and Krieg expands imagery by using visual art to describe music in "Eliane," who "folds clusters/of stares into square holes." Yet this collection doesn't solely explore music. Early in her writing endeavors, Krieg displayed both philosophical and psychological insights. Within the past decade, I have watched her writing evolve by weaving those insights into mysterious imagery, such as in "The Visitor" with a "suitcase full of torment/broken crown of stars/tangled in her hair." -Lindsey Martin-Bowen, Author of *Where Water Meets the Rock and Crossing Kansas with Jim Morrison* [Kicking & Dreaming \(Enhanced Edition\) v2](#) Jan 01 2020 In the enhanced e-book edition of *Kicking and Dreaming* you'll find an exclusive new audio track, "Trash Bag Slippers (Trust Me)", written and performed by Ann and Nancy Wilson, as well as 9 exclusive videos featuring intimate interviews with the sisters about growing up as the daughters of a Marine, Ann's struggles with a speech impediment, the challenges of

working together as sisters, the impact of MTV in the 80s and more. Two sisters. Two voices. One Heart. The mystery of "Magic Man." The wicked riff of "Barracuda." The sadness and beauty of "Alone." The raw energy of "Crazy On You." These songs, and so many more, are part of the fabric of American music. Heart, fronted by Ann and Nancy Wilson, has given fans everywhere classic, raw, and pure badass rock and roll for more than three decades. As the only sisters in rock who write their own music and play their own instruments, Ann and Nancy have always stood apart—certainly from their male counterparts but also from their female peers. By refusing to let themselves and their music be defined by their gender, and by never allowing their sexuality to overshadow their talent, the Wilson sisters have made their mark, and in the process paved the way for many of today's female artists. In *Kicking and*

Dreaming, Ann and Nancy, with the help of critically acclaimed and bestselling music biographer Charles R. Cross, recount a journey that has taken them from a gypsy-like life as the children of a globe-trotting Marine to the frozen back roads of Vancouver, where they got their start as a band, to the pinnacle of success—and sometimes excess. In these pages, readers will learn the truth about the relationship that inspired "Magic Man" and "Crazy On You," the turmoil of inter-band romances gone awry, the reality of life on the road as single women and then as mothers of small children, and the thrill of performing and in some cases partying with the likes of the Rolling Stones, Stevie Nicks, Van Halen, Def Leppard, and other rock legends. It has not always been an easy path. Ann struggled with and triumphed over a childhood stutter, body image, and alcoholism; Nancy suffered the pain and disappointment of

fertility issues and a failed marriage but ultimately found love again and happiness as a mom. Through it all, the sisters drew from the strength of a family bond that trumps everything else, as told in this intimate, honest, and uniquely female take on the rock and roll life. Throughout their career, Ann and Nancy have never found an answer to the question they are most frequently asked: "What is it like to be a woman in rock and roll?" *Kicking and Dreaming* puts that question to bed, once and for all. Please note that due to the large file size of these special features this enhanced e-book may take longer to download than a standard e-book.
